

AWD is BRANDS

2023

OUR STORY AND OUR

BRANDS

Where it all began.

It all started with just one hoodie. Then 2008 saw the launch of the iconic JH001 in 30 colours. Fast-forward to now, with over 80 colours in the JH001, we have not looked back since. Each brand's product offering is designed with customers' needs in mind – from casual combinations, to sportswear, eco-wear, classic T's, and everything in-between, AWDis has the widest range of colours and sizes available on the market and we are market leaders in printability.

Where we are now.

Doing the right thing runs through the heart of everything we do, and that is why we work so closely with our global partners to do what we can to make the world a better place. In 2022, we removed all virgin plastic from our packaging and replaced it with 100% recycled bags. For 2023, we have gone a step further and removed 80% of our packaging completely. Where we cannot remove packaging, we are transferring to 100% certified compostable bags, reducing our environmental impact significantly.

DREAM IN COLOUR

NEW AND TRENDING 2023 COLOURS

OUR ICONIC HOODIE NOW HAS 87 COLOURS AVAILABLE

We are the market leader in colour choice. From classic core colours, to retail fashion shades, each colour addition is carefully curated using trend forecasting to offer the biggest and best to choose from. For 2023 we have selected an exceptional palette of colours from warm naturals to impactful bright and tinted neutrals.

WHY CHOOSE AWDis

PRINTABILITY

Printing and embroidery techniques are at the core of everything we do, and our highly skilled development team ensure every detail is considered to produce high quality, beautifully decorated garments that exceed your customers' expectations.

FABRIC

The Neoteric performance polyester fabric is ideal for bold transfer print, sublimation and embroidery, and the 100 cotton fabric is the perfect smooth surface for DTG, DTF, screen and transfer print.

COLOUR

Just Hoods has a huge 87 colours alone. Whether kitting out a sports team, providing uniforms, or matching adult and kid's combinations, the colour options are endless.

SIZING

Across our brands, we offer a wide range of sizing from XXS-6XL* and work closely with our distribution partners to ensure plentiful stock across our ranges – we will always aim to have what you need, when you need it.

HOW TO

ALL YOU NEED TO KNOW TO ENSURE YOU GET THE BEST OUT OF YOUR AWDIS PRODUCTS.

REBRAND

All our AWDIs garments are made for rebranding, with embellishment ready surfaces. From our 100% cotton face college fabric which has been designed for DTG, to our 100% polyester t-shirts that are ideal for sublimation. Each garment has either a tear away label or a size chip label – just waiting for your own label or branding.

RELABEL

Made from an easy tear paper material, our Just Hoods and Just Cool labels can be easily removed, leaving the size, wash care instructions and a blank space for your branding. Just Ts, Just Polos and Ecologie have opted for woven size chips, giving you maximum freedom for branding.

BUY

Our AWDIs products are available from the best distributors in the promotional, workwear and corporate wear industry. Whether you are a business or an individual looking to purchase our garments, you can always contact us, and we'll be more than happy to help.

MEASURE

A – Arm Length

Start at the highest point on the shoulder and measure all the way down – including cuff. Ensure sleeve is laying flat and straight.

B – Chest

Measure 2.5cm down from armhole and then straight across the chest.

C – Body Length

Start at the highest point on the shoulder (HPS) and measure straight down including hems.

D – Hem

Start at one side and measure straight across to the other. Garment should be flat.

E – Waist

Measure across from edge of the waist band to the other.

F – Inseam

Measure from the highest point on the crotch down the inner side seam including the cuff.
